Do not print.

There are two ways to do this **one** book depending on the ages of your children or what you want them to do.

The first mini book (pages 2 and 3) has *information already on them regarding historic battles*. Simply cut, put in order from shortest to longest, staple on left side and glue to your page.

The two second mini book has just the pictures and *your child can write their own text*. (pages 4 and 5)

Some good links for research on this or to review are listed below and it is where I based my information off of.
