Can you help the babies find their moms? They shouldn't go too far from mom. Do your best work to cut on the **green** line. (Cut and paste the boxes of babies onto the information cards. Or cut the momma animals and use the cards to play memory match)

Can you name the animals on the pocket? (Left top: Clark's Nutcracker, Right top: Prairie Dog; Bottom Left: Western Meadowlark, Bottom Right: Prairie Chicken.)
