

The timeline for Rome can be divided into 3 periods.

Cut out and fold in half. Cut on solid black lines to form three tabs. Under the tabs write the time periods under each tab.

This first time period is taken from the Kingfisher History Encyclopedia:

Monarchy - 753 - 510 B.C.

Republic - 509 - 27 B.C.

Empire - 27 B.C. - A.D. 475

However, in the Uncle Eric series of books by Richard Maybury, he estimates the time periods as follow and may be easier to remember:

Monarchy - 750 - 500 B.C

Republic - 500 BC - 0

Empire - 0 - A.D. 500
