polis

democracy

city-states

Acropolis

Mount Olympus

polis

The Greek word for city. Many words we have today come from this word. {police and politics}

City states

Independent states ruled from one central city.

Mount Olympus

The highest mountain in Greece. The Greeks believe the gods and goddesses lived forever on top of the mountain and looked down on them.

democracy

The people of Athens invented this type of government which is political rule by the people.

Acropolis

A fortress on a hill in Athens with strong stone walls enclosing temples.
