

<h1>Drakkar</h1>	<h1>Same Features</h1>	<h1>Knarr</h1>
------------------	------------------------	----------------

Tip: Do research on the internet to compare and contrast two Viking ships. Here is a site I enjoyed called the [Celtic Attic](#).

Both ships were similar in design but not every detail of the ship or the purpose of the ships are the same.

Be sure to include the information that is same on the "Same Features" column.

Cut out the unit. Fold over right or left side and then the other side. Glue the color cover to the outside of the flap.
