

	 <p><i>How fast do reefs grow?</i></p>	
	<p><i>Where do they form?</i></p>	

The top book just folds over. Cut to form two long tabs. Use the lines at the left to write your short description. Look at our site for the answers.

Cut out the pocket at the bottom and the cards on the next page. Simply label each kind of species and store them in the pocket.

	 <p><i>How many formations can you name?</i></p>	

Brain Coral

Gorgonian Fan Coral

Pillar Coral

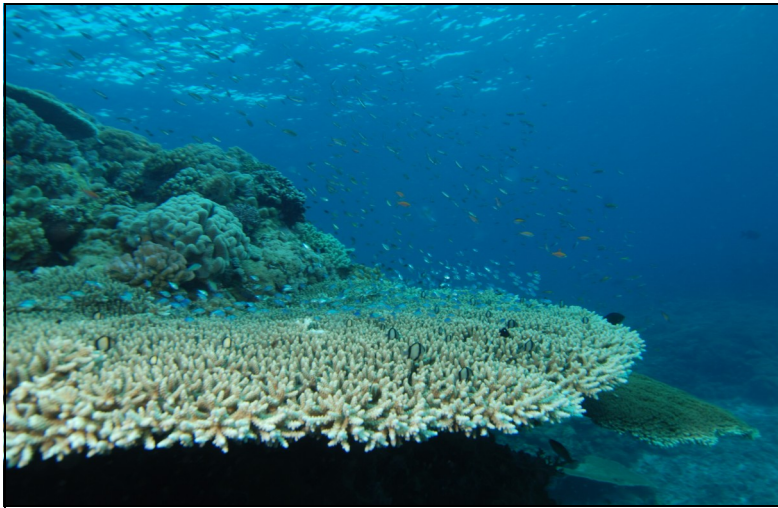

Table Coral

Black Coral

Daisy Coral
[Pic Att.](#)

Add some you like and label them.
