

Do NOT start printing this all off.

You have choices to make depending on the age of your child and what you want them to do :o)

There are basically three books here.

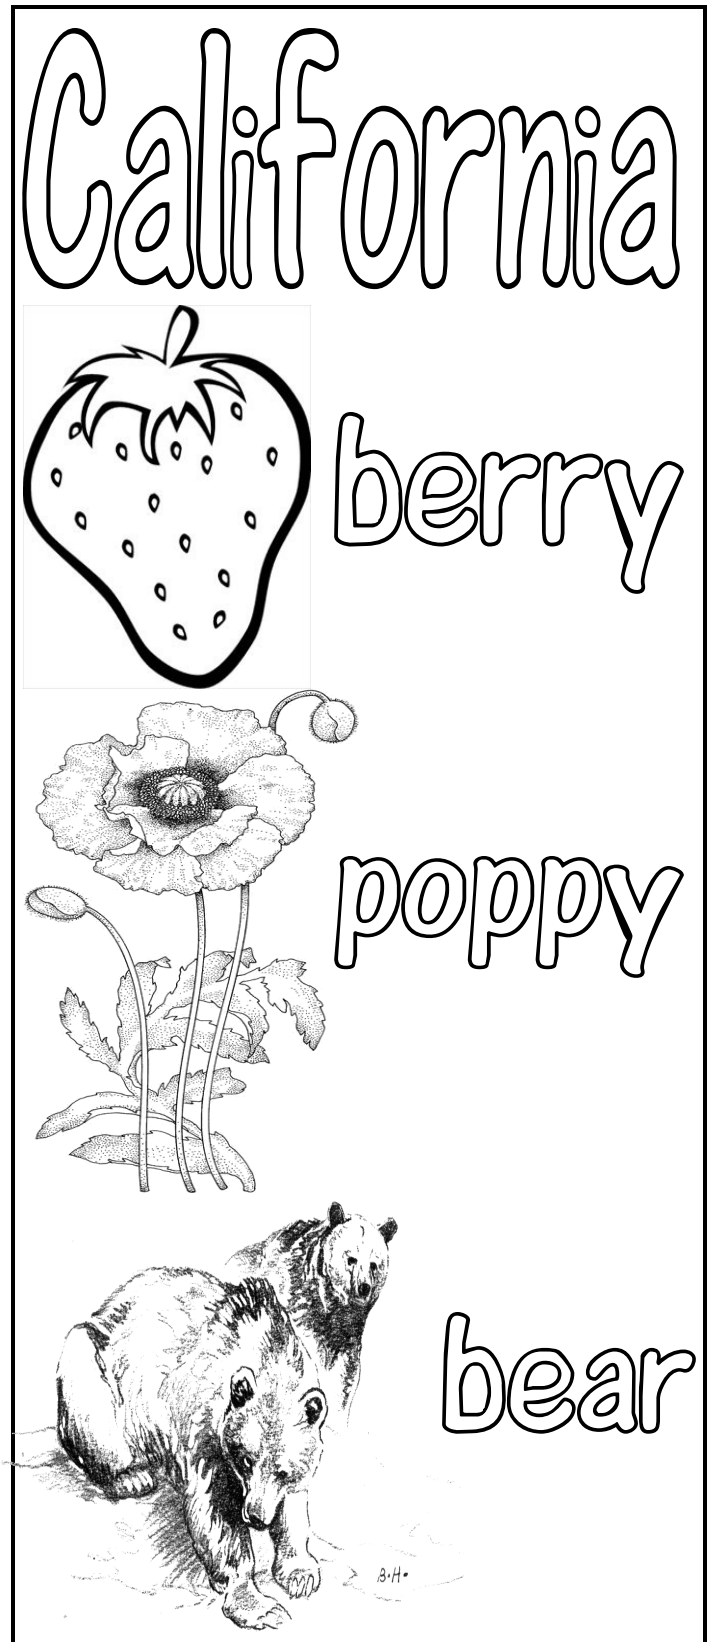

Use the page above as a title page for two of the books for an older child.

For a younger child use the coloring page on here (right side only) for a younger child.

Page 2 has facts in it for you.

Page 3 is the same book but no facts, you add what you want to.

For books on page 2 and 3, add the title page on this page and put tabs in order Title, Geography, Plants, Animals and Products. Color and staple or bind with material of your choice.

Geography

Plants

California Indians cherished the poppy as both a source of food and for oil extracted from the plant. It became the state flower in 1903.

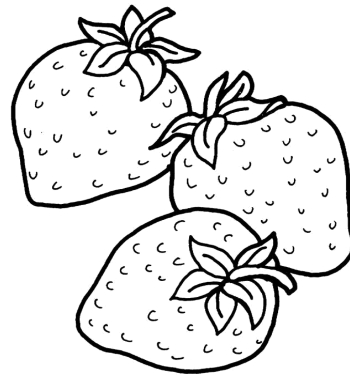

Animals

The California grizzly bear was designated the official state animal in 1953. Before dying out in California, this largest and most powerful carnivores thrived in great valleys and low mountains of the state.

Products

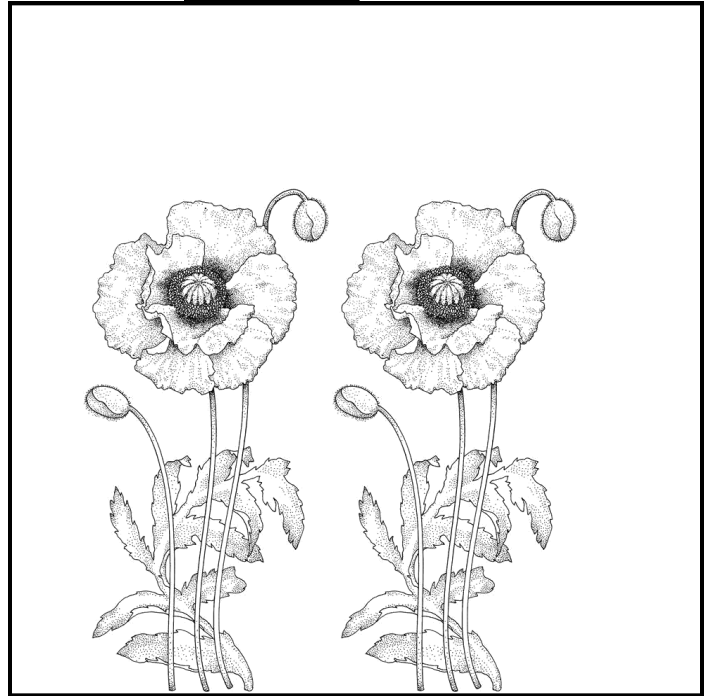

California grows over 200 crops. Some crops include grapes, almonds, strawberries, oranges and walnuts.
