

(Glue this side to your page)

Cut out as one unit and fold in half. Then bring over left and right flaps.

Write mini reports on the lines provided about each patron of the Renaissance: Cosimo de' Medici and Lorenzo de' Medici.

Then glue reports under each tab but also use the space on the tab too and not just under the tab. In other words when you open the tab and it is extended the report takes up all the space included the inside of the tab. When tabs are opened - Glue report for Lorenzo de' Medici from middle ALL the way to the right and glue report for Cosimo de' Medici from the middle all the way to the left.
