Who were The Cowboys?

Who was Doc Holliday?

Handwriting practice area with horizontal lines on a teal background.

These are three minibooks to put on the right flap of the lapbook. This information is easily found on the internet by a middle schooler or high schooler and makes for some fun reading.

Fold minibooks in half, glue title page on the outside. Research about Wyatt Earp, Doc Holliday and what the "beef" was (lol pun intended, corny I know) with The Cowboys.
